Overview

NEW CONSTRUCTION! Spring/Summer 2024 completion. This Sophia features flexible dining spaces to accommodate both quick meals and formal dinner parties. The kitchen has substantial maple cabinetry and quartz counter space, a sizable pantry cabinet, and a built-in workstation. A central quartz island with a snack bar divides the kitchen from the rest of the main living area, while additional cabinetry wraps elegantly into the dining area. Both the dining area and gathering room are open and accented by a single-coffered ceiling. The Primary bedroom features a large walk-in closet and a private bathroom with dual vanity and a five-foot shower. Three additional secondary bedrooms with an adjacent full bath. A mudroom with a closet and a bench for outerwear adjoins the garage.
