Overview

Rare opportunity! Check out the location of this newly listed single-level, brick ranch home! As you step into the front entryway, you are greeted with beautiful hardwood flooring in the living room. Directly off from the living room is an eat-in kitchen with ample cabinet space. Down the hall is a full bathroom, two large bedrooms, the primary bedroom and a primary bath. Follow the steps to the partially finished basement leading to the laundry area and additional space that is idea for a 4th bedroom, office, game room, or craft room. Grab your favorite beverage and step out into breezeway to relax and enjoy a quiet evening. There is an attached one car garage directly off from the breezeway. The large yard is equipped with shade trees and a shed for storage. This home has a country setting but just 6 miles from town! Conveniently situated on.66 acres across the road from the local elementary school. Home boasts brand new metal roof newly installed in October 2023! Seller is providing a one year home warranty to the new home owners at closing! Don't let this opportunity slip away!
