Overview

Live Spring! Come see this 6.03 Acres located just minutes from downtown Center Point. Views that you have to see to believe. Multiple build sites, and caliche roads already in place. The owner has selectively cleared on the high points and brought in tons of material for roads and leveling out the hilltop. There is a live spring on the northern part of the property that, with a little TLC, could become the heart of this place. Electric is on site. Only a water well and septic would need to be added. Come see it for yourself and make this your forever piece of Texas.
