Overview

Start living your historic farmhouse dreams today! Move right into this old fashioned, yet sturdy home just as it sits; on a quiet street in the quaint village of Dundee. Never before sold, the same family has lived here since the early 1900's. It was remodeled in the 60's to add a combo kitchen, family, dining space which was uncommon then, but expected in today's homes. The first floor also boasts some 9' ceilings, entry level bedroom, a full bath, laundry and a gorgeous formal dining/living room with a beautiful bay window just off the foyer. Upstairs delivers 8' ceilings with two large bedrooms, an unfinished attic space and another full bathroom. All of this on a double city lot that's splittable. Looking for an affordable family compound or investment? Don't wait - come take a look!
