Overview

Masterfully executed contemporary design, with grand exposed beams, structural steel posts, columns and beams, this home is an icon of modern architecture. Located in a quiet, private setting among tall quaking aspen, tamarack and pines, bordering 1700 acres of conservation land, it is also close to town, Payette Lake and all that makes McCall a very special place. Seamlessly blending indoor and outdoor spaces, this home is a viewing room to changing light, leaves, and seasons. The sound of the seasonal stream in springtime adds to the sights and sounds of being in nature, in the comfort of an extremely well designed, efficient, and solidly built home of the highest quality including guest quarters with kitchen and sitting room. Oversized 3 car garage, 1,200 sq ft w/ dual electric heaters, dog shower, utility sink. Gourmet kitchen with Wolf 36 6 burner range/stove, Subzero refrigerator, quartz counters, Brazilian tile floors, bread warmer, beverage frig, bar sink, beer tap. Living room with soaring walls of glass, highly efficient propane fireplace, and loft with bedroom and bath, radiant floor heat, a thoughtful main floor primary suite with private hot tub, and so much more.
