Overview

This charming two-bedroom ranch home offers room to grow indoors and out with over 4 acres. The main floor features an open great room with wood burning fireplace and large windows offering scenic views of both woods and pastures. The adjacent kitchen and dining area offer convenience and functionality. The master bedroom is generously sized with a cozy sitting area. The basement presents an opportunity for further expansion and is prepped for a full bathroom. Step out to a gardener's paradise through the walkout door and enjoy lilacs and mature trees throughout the property. Relax further outdoors from the covered front porch and 20x15 back deck. Home also features a roomy 2 car garage and is fully electric. New roof 2023, well pressure tank 2023. Outbuilding features electric, hydrant, and 6 stalls with access to pasture. Come check out this one today!
