Overview

This fantastic open concept ranch home leaves little to be desired. With 17 ceilings, three could be four bedrooms, tons of updates and a full finished basement you can enjoy and move right in. The kitchen is spacious and tons of storage, the extra large island is perfect for entertaining. Above the garage there is a fantastic bonus room that could be a fourth bedroom or amazing extra living space. In the last six years the sellers have had the black fence installed, main level bath redone, new toilets in master and basement, interior repainted, HVAC 2021, tankless water heater 2021, new outlets and switches installed, garage doors 2021, garage heater 2023, upgraded kitchen appliances and more! Outside you'll find wonderful landscaping including apple, nectarine, cherry and dual pear trees. There's also grapes, raspberries, strawberries and blueberries. If that's not enough to excite you, you have access to the pond and the airstrip behind you you can bring your plane! All sitting on a fantastic 1.22 acre lot. Seller reserves the DVD shelving in the basement, washer and dryer. All kitchen appliances are staying. Buyer/agent to verify measurements.
