## Overview

Do you want privacy, here it is! This home hosts 50 solar panels that provide the majority of the power for most of the year. The living room has 9ft. and coffered ceilings, river rock fireplace w/a certified woodstove insert, dining area and bamboo floors. The home has a central vac system and the Kitchen has hickory cabinets, slab granite countertops, a convection oven, walk-in pantry, all S/S appliances and an island that has a 5-burner gas stove. There's a large master Ste, w/dbl vanities, a walk-in tile shower, jetted tub, walk-in closet and a private patio. There are 2 other bedrooms with a Jack and Jill bathroom w/dbl vanities, a tub and tile shower and the 4th bedroom could be an office as well. The laundry room has lots of cabinets and a sink. There's a large finished 3 car garage, enclosed sun/garden room and a 40 x 60 shop w/roll up doors, a loft and has been framed for a bathroom w/a shower.
