Overview

One of a kind home wont last long! Step into over 5, 000 sq ft of remodeled living space, featuring high ceilings, real hardwood floors throughout, custom built-ins, wood framed windows and potential for multigenerational living, all nestled on 7 spectacular acres. Open kitchen includes a cooks island with second sink, quartz countertops, new gas range, new tile floors and stainless steel appliances. This beautiful home features formal living room with fireplace, a large family room with wet bar and 1, 000 sq ft of vaulted, skylit artistic space where possibilities abound. Two primary suites with gas fireplaces to keep cozy in winter months. Enjoy sipping coffee on your private balcony often overlooking deer peacefully grazing. Property includes well irrigation, two fenced pastures and five outbuildings. Come and relax in the tranquility of your new home.
