Overview

Spectacular chance to own/develop a large parcel of land in stellar location. Nearly 8 acres in total. Consisting of two separately deeded lots. Larger lot is 6.83 acres and contains a vintage home. The second deeded lot is 1.05 acres. The property does have public water. The County is bringing a sewer line mere feet from the property!!! No need for septic! The land is stunning. This could be an amazing minor subdivision.
