Overview

Introducing this exquisite, beautiful, unique, cozy home in a quiet area of Wayne. Home is a definite must see. This 4 bedroom, 3 baths charming house boasts a large living room which opens up to the spacious updated kitchen with an abundance of hickory cabinets, over and under cabinet lighting, granite countertops, new stainless steel appliances and stunning bamboo flooring,. The upper level of this bungalow has been extended to provide a larger living area, which includes an area for a king size bed, plenty of room to add furniture for reading or relaxing by the built-in gas, vent-less fireplace and extensive storage...The bathroom entertains a full-size jetted tub, heated floors, and custom made cabinets. The Basement is just as fabulous as the rest of the house..The basement is finished with a 4th bedroom and a full bath with heated floors. Plus an additional room for storage. Next lets visit the backyard, an Oasis to enjoy when one needs to get away from the stress of a day... the back door opens up to a covered deck. Sit on the deck and enjoy the peacefulness of the fenced in yard or enjoy the inground solar heated pool. The back yard also includes a shed with extra storage..Every update that been done to this home has been done with the upmost quality materials and perfection. Please schedule a tour.
