Overview

The Woodside is our most stunning home and after seeing it you will understand why. Dazzle your guests with a dramatic two-story entrance and soaring ceilings in the gathering room that offer a nice, open flow to your dream kitchen complete with huge island. Two story windows frame a picturesque view of your private yard and incredible sunsets. Two well-thought out flex rooms are a perfect formal living room or extra offices for those who work from home. Escape to your oversized master bedroom and bathroom which feels like something straight out of a spa. A dramatic double door leads into your own personal oasis with large shower and huge closet. There is still time to customize this home with your own interior color choices. Estimated move in March-May 2025.
