Overview

There is A LOT to like in this charming 2 Bedroom 1 Bath Bungalow! This home has that country feel surrounded by cornfields but has easy access to main roads! This home features a spacious Eat-in kitchen with plenty of cabinet space, a nice sized family room, a sun-room in the front of the house and a mud room/bonus room at the back of the house to give some extra space! The outside of the home features a 2 car carport and a detached garage. The metal roof on the home and garage is only 1 year old, the vinyl siding, soffit, and gutters are only 2 years old, and a brand new furnace was just put in this past November! This beautiful home would be the perfect starter home or perfect if you're looking to downsize! Come check it out for yourself before you miss out!
