Overview

BETTER THAN BRAND NEW!! This beautiful, private home just a few years old is something special!! Spotless garage, this amazingly maintained home is spotless everywhere!! Split floor plan, large primary bedroom and bathroom on one side, double vanities, large closet, garden soaking tub, separate tiled shower, along with roomy laundry room, and other additional bedrooms and bath on other side of great room and kitchen area. Tall tray ceilings make this house seem even larger than it is.. Tall privacy fence on both side and former golf course at the rear make this back yard super private. Lake Blackshear is just down the road and the public Loron Williams park is about a mile or two down... Have this almost new home at the lake without the water front price!!
