## Overview

Private quiet country setting for this unique home that has it all. There is plenty of room to relax and enjoy nature. This remodeled and updated 4 bedroom 4 bath home features a light and airy kitchen with real butcher block island and Amish cabinetry, wood flooring, Cathedral ceilings, oak spiral staircase, as well as a brick see-thru fireplace to be enjoyed in the kitchen and living room. There is also a full finished basement with spacious family room, full bath with locker room, den/office and wood burning fireplace and plenty of room for storage. What makes this home unique is that it has a split floor plan that would be great for a Mother-in-law suite or adult child to have their own living space. To make this picturesque property even more fabulous there is an oversized heated / airconditioned 3+ car garage with enough room to play basketball and entertain friends above in the beautiful(725sq ft) mulit-purpose room complete with bath and kitchenette. The attached garage also has approx 670 sq ft for man cave or workshop. Outside you will find a generator, multi-level decks, screened in porch, lovely patio's, lighted fishpond, and phenomenal landscaping. See list of improvements.
