Overview

Built mid-century by Swayze Brothers, this stunning home has many features of that era, such as simple, clean lines, open floor plans, and emphasis on nature. Natural light and beautiful wood work are plentiful, and so many windows bring outdoors in! Some brick floors and other indoor brick features make this home uniquely attractive...the beautiful wood-burning fireplace, spacious rooms, wonderfully kitchen and unbelievable storage will put this home at the top of your love it list! The landscaped yard with patio, pergola and underground out-of-sight electrical invite outdoor relaxation, and an automatic lawn sprinkler system is a nice plus. Interestingly, the bricks used on the exterior of this home were gathered from different structures around Plainview, mostly from downtown!
