Overview

Stunning brick and stone 2023 build on a full acre in Dripping Springs Estates. Pull into your long driveway to the exquisitely appointed home. Open, spacious, light filled rooms are perfect for entertaining friends or just relaxing. Double entryway doors lead to huge windows overlooking the backyard. Your chef will love this gourmet kitchen with oversized island with seating. The designer lighting and tile choices are sure to impress the most discriminating tastes. Very large master bedroom with free standing tub and huge shower with rain shower head for relaxation. Master is far separated from the other bedrooms for privacy. The huge custom master closet with double dresser island will impress any fashionista! The fourth bedroom has en-suite bath. Oversized garage. This home is foam insulated and lighted with LED for maximum energy savings. Wood floors throughout all living areas and master bedroom. Everything you would expect from a home of this caliber and more. A must-see! Bring all offers!
