Overview

Waterview Splendor! Panoramic views with contemporary flare and coastal charm make this distinctive Cape Cod property a rare find! 4 Rabbit Run is nestled on an acre lot overlooking the mouth of Salt Pond Bay, barrier beach, and the ocean beyond. The property has every thought-out detail you will need. The unique architecture of this home, built in 1996 by Sisson Homes, was designed with multiple decks, a screened-in porch, and sizable windows to drink up the sweeping views. As you enter, you are welcomed by an open concept of a modern multi-level house. The top level is all the common space, kitchen, family rooms, and cozy additional spaces capturing the views at every turn. As you move to the bedroom level, each room provides ample space, privacy, and upscale touches. The entry level has an inviting foyer, tons of storage, elevator entrance for ease to the upper levels, a laundry room, studio, and garage with EV hook-up.
