Overview

This 3 bed/ 2 bath home is waiting for your decorating ideas. Recessed lighting in common rooms, wood/gas burning fireplace in living room, skylight in one bath. Kitchen equipped with white cabinets and custom backsplash. With its oversized and professionally landscaped and fully fenced backyard you can relax and enjoy the privacy you have always wanted. Roof was replaced in 2020. The 1 car garage can be easily converted back to its original condition. Currently used as a storage room. Conveniently located close to shopping, entertainment, restaurants, schools, hospitals and to many major roads, you can travel easily to your destination points. Seller is leaving the vegetable garden they built, along with the 2 storage sheds, custom made marble/stone patio and resting area/ with wood gazebo, covered with live grape vines for cooling you during those hot summer days. The seller is also leaving all the cut wood for the new owner to enjoy. Subject to the Village of Schaumburg approval, there is a plenty of space in the back, where there could possibly be added another 1-2 detached garage. The sellers don't guarantee, but new buyer can do their own due diligence for possibly getting a permit from the Village for that purpose.
