Overview

Located on a private half-acre lot in The Enclave at Hidden Lakes, this beautifully-appointed home was quality constructed by Huntington Custom Homes. With 4885 square feet of living, the functional floor plan boasts a formal living room, a lovely dining area, a gourmet kitchen with a charming breakfast room before windows, an oversized family room, five bedrooms, four full and one half bathrooms, a dedicated study, an entertaining game and media room, a utility area and a three-car garage. Key amenities include a stately stone and decorative brick facade, hand-scraped hardwoods, gracious living spaces, extensive trim-work, a traditional stone fireplace, tall windows, custom built-ins and designer touches throughout every room. Entertain in the impressive backyard oasis under an outdoor living area, complete with an outdoor grill and stone bar, overlooking a sparkling diving pebble-tech pool and attached spa, with plenty of room for play.
