Overview

Nestled in the heart of the city, this rectangular lot offers a blank canvas for a range of possibilities. With 0.288 acres, the property is defined by its clean, unobstructed boundaries. The lot is partially enclosed, with sturdy fencing along its two sides. The remaining open sides allow for easy access and visibility. The flat, level terrain is ready for development, whether you envision a vibrant new building, a green space, or a combination of both. Its central location ensures its within reach of essential amenities and offers ample potential for future growth.
