## Overview

Wow, what a renovation this has been! Waiting on the final finishes and exterior paint to be completed around Mid September. Check out the open floor plan and spacious bedrooms. Master bedroom is on the main with an attached bathroom and walk-in closet. The second bedroom features a fireplace and double doors that would also make a nice office space. Bedroom three is located off the kitchen and has double doors that open to the backyard. Brand New kitchen and a dining space for large gatherings. The basement is finished with an additional living area and fourth bedroom. Basement bedroom does not meet ingress / egress standards.
