Overview

Buy your own vault on these 2 Lots 6 and 7 in the Town of Florence, IN. City water and city sewer in place. Nice level area to place a tiny home to use in the summer just across street from Turtle Creek Marina. The camper does not stay unless you want to continue renting the lot to the owner. Place you own camper on the other end or whatever home within zoning restrictions. Nice place for a summer retreat and have income from camper spot rental.
