## Overview

What a beautiful home with lots of room to roam....almost 4,000 square Ft of finished living space. Enter into the large foyer and spacious great room with vaulted ceiling and gas fireplace with many built-ins and a panel of windows. Huge Kitchen with Granite counters, center island with gas cooktop, double ovens, stainless appliances that stay with the property. dining area will fit a large table for those family gatherings. The main floor study is amazing with wood floors and paneling...it could be a bedroom if needed. The main floor master provides so much room and the master bath is gigantic along with the master closet and laundry room right there. Finished walk-out basement has 3 more bedrooms and 2 more baths plus a rec room, wine room, craft room, and a hobby room. Then there is the landscaping, it is just a beautiful array of plants; shrubs, flower and a working fountain parklike for sure, then there is the 4-car garage with tons of storage cabinets what more could you ask for...see it today!
