Overview

One-of-a-kind cabin on Lake Siskiwit, Cornucopia, set on 2 +/- acres with approximately 225' of sandy, accessible shoreline. Adjacent to the property is a boat launch, so your water toys will be afloat in no time. The spacious lot has mature towering pines and hard woods, as well as a nice backyard with a newer deck overlooking it, and the lake. The cabin is traditional with two bedrooms, two bathrooms, and room to add on if desired. Newer large windows on the lakeside bring in the calming colors and vibes year-round. There's a 36x48 pole building on slab with a huge sliding door and electric perfect for your boat, RV, and all your northern adventure gear. A great property to create lasting family memories, and enjoy the water perks of a smaller inland lake. Seller hired professional to permanently stabilize foundation wall, install WaterGuard sub floor drainage system and a double safe, double sump pump so you can rest at ease knowing your basement will stay clean and dry.
