## Overview

This beautiful 4-bedroom 3-bath home offers modern amenities with a perfect blend of comfort and efficiencies. This energy efficient home is equipped with solar panels which reduces your energy bills and improves your sustainability of living. This home is equipped with a whole house exhaust fan. With the ample space of 4 bedrooms your family, guests, and yourself will have lots of space to entertain or use a bedroom for an office space if needed. The 3 bathrooms allows for convenience in the morning during the daily rush of getting ready for school or work and allows plenty of space and privacy as well. Outside there is a great workshop that is ready for your DIY projects, hobbies, or useful storage space. This home is perfect for the modern amenities with eco-friendly living. You don't want to miss out on this unique property.
