Overview

Privacy, Charm and Opportunity! Privately situated on 5+ acres you will find this remarkable, historic home overlooking the Mantua Creek. A sub-dividable lot (past proposed engineering plans) showed the potential for up to 6 buildable lots. It looks like a park but you're conveniently in the center of Mantua Twp!

Meticulously maintained with a newer roof and newer windows, quality brick patios and real wood shutters. Updated electrical and multi-zoned HVAC system! Gorgeous original wide-plank flooring throughout the entire home along with beautiful classic woodwork. Towering 10' ceilings open the floor plan and 5 original fireplaces can be found throughout the interior, including in 2 bedrooms! Wonderful kitchen with vaulted ceilings, ceramic tile floors, granite countertops and updated appliances. Stay toasty with the brick fireplace and breakfast nook in the kitchen. Nostalgic fixtures with classic claw-foot tub, wainscoting, and tile flooring. This is an amazing opportunity to have the ultimate private wooded setting with this classic American beauty. The sub-division potential opens up so many possibilities! If you like unique homes with significant charm and a private setting, you must come see this incredible property!
