Overview

Have you been wanting to start homesteading? This is a great opportunity! Almost 12 Acres, so bring your farm animals. Partly pasture and walnut grove with a pond. Has a extra large 42x50 insulated machine shop with power and electric with plumbing in office. The main house definitely needs to be redone so bring your creativity and work your magic. The property also comes with a 2012 Fleetwood trailer home, 14x66 with updated HVAC, roof and pex plumbing. This would be a great rental property or a place to live while fixing up the main home. Has one well and 3 septic tanks.
