Overview

Welcome to paradise! Attention to architectural detail and design is prominent inside and out. This unique waterfront home is truly a work of art with custom brickwork and woodwork throughout. Just off the circle driveway there is an attached three car garage. Beautiful hardwood flooring in the large dining room and a wall of generous built in shelving. Storage galore in this beautiful updated park-like atmosphere. You will find more built in shelving in the library on the main floor that could be utilized for another bedroom or a home office. Updated kitchen with gorgeous cabinets, and granite countertops, a built in desk, and a kitchen island. Walk out to the large deck from the library or kitchen area. Step down from the spacious living room off the open kitchen to another room with a custom stone fireplace surrounded with built in seating. Upstairs you will find four bedrooms and three more bathrooms. Tons of storage, walk in closets, and a private balcony off the main bedroom. As you walk down the spiral staircase you can't help but notice the artful detail with unique brickwork, a custom wet bar, and even a wine cellar! Home warranty included! Make your appointment today!
