Overview

Anyone who has ever had the luck to live in a Post Adobe house has found the houses soulful, comforting, naturally artistic, unpretentious and valuable. Adobe homes feature thick walls that can help keep the interior cool during the day and warm at night, reducing the need for air conditioning and heating. The adobe home at 1268 Viscaino was meant for entertaining. There are abundant gathering areas in this home, from the front courtyard to the library, the living room, solarium, back patios and seating areas tucked away in the garden. Light and bright, this split-level home features 3 bedrooms. There are 2 full baths, each with a stall shower and tub. There is an eat-in kitchen with breakfast bar, Wolf gas range and high-end appliances. The additional cottage has 1 bedroom and full bath. The outdoor entertaining areas give additional space to gather and entertain. Tuck your horses away in the horse stall or store extra cars. In addition, there are 2 storage sheds. The entire property is fenced with a gated entry. There is second gate large enough to bring in your horse trailer or building materials. Located in Carmel Unified School District, you are close to the Pebble Beach Lodge, restaurants, golf courses, shopping, the ocean and more!
