## Overview

Looking to build a new house on a great lot? This could be it. With the garages and utilities all ready in place, you have a lot of the work and expense completed. Now, you just need to decide what you would like to build. With buildable lots becoming harder to come by, this lot in a great location is just the ticket! You could even rent out garage space to help with your payment while you figure out what you want to do next. Previous home was lost to fire. All utilities were there and functioning.
