Overview

QUALITY RANCH HOME in Minonk! Pride of ownership is obvious with this one-story home highlighted by a large living room and a spacious family room. There are two bedrooms, one full bathroom, one half bathroom, main level laundry and ample closet space. There are HARDWOOD floors in one bedroom with the potential for the same flooring to be under much of the carpeted rooms. The home is improved by a full basement which houses the natural gas hot water boiler. There is a two-car attached garage, central air conditioning and a whole house generator. The roof was new in 2023 along with new gutters and gutter guards. Plenty to like outside with an open front porch and vinyl back deck. The landscaped, corner lot has a white vinyl fence and several mature trees. So Much to Like here, Don't Miss this cute home in the cozy community of Minonk!
