Overview

This updated house boasts 4 bedrooms and 2 bathrooms with a large, open floorplan! Upon entering, you are greeted by the dining room to your right and immediately notice the abundant natural light that fills the space. The kitchen was recently updated with granite countertops and freshly painted dark walnut-colored cabinetry. The kitchen and living room combination is sizeable enough to host large gatherings, making it perfect for entertaining. The master bedroom is the highlight of this home, featuring generous spaces, his-and-hers closets, and a clean, well-organized layout. Newly installed wooden flooring is present in all bedrooms, adding a touch of timeless sophistication. The backyard is incredibly spacious and offers great potential for customization! This quiet neighborhood is nestled in a growing area of Glenn Heights make this property yours!!!
