Overview

Located in one of Holly Springs most desirable pool, tennis, and playground communities is this spacious Cape Cod. The front porch that spans the whole front of the house welcomes you across the manicured front yard and into the open, airy entry with warm hardwood floors throughout the majority of the main living areas. The formal dining room is well appointed with crown molding, chair rail, and an updated, contemporary chandelier. Sized to accommodate a variety of table shapes, the two-tone color palette is also adaptable to a variety of decorating styles. A tastefully finished gas log fireplace beckons you into the expansive family room. Complete with vaulted ceilings, recessed lights, ceiling fan, and a sweeping view of the exposed staircase and upper walkway, the space is dramatic. Double ovens and plenty of space for a large island or breakfast seating, along with the warm neutral color scheme of the full height cabinets and tile backsplash, make the kitchen feel warm and inviting. Tucked away at the front corner of the home, the owner's suite is a relaxing refuge, complete with crown molding, ceiling fan, chair rail, and neutral 2 tone color palette. The gleaming en-suite showcases a large garden tub situated in a bay window with views of the wooded back yard. Dual sink vanity, step in glass door shower, and walk in wardrobe complete the bright, open space. Ascending the open staircase to the walkway, the hall bath is situated between the other 2 bedrooms. Newly remodeled, the hall bath boasts a large arched window, custom tiled frameless glass step in shower, marble topped vanity, and linen closet for added storage. Both bedrooms feature such architectural details as angled ceilings, bright dormer windows, ceiling fans, and large closets. Floored attic space is accessible at the rear of each upstairs bedroom closet. With its own staircase, the bonus room is nestled over the garage. Complete with a custom built in entertainment center, several top lit display cases, a large dormer, and 2 ceiling fans, this space could be used as a game room or home office. The large dormer and light, neutral color palette bathe the space in light. The 2 car garage has an epoxy finished floor, and added cubbies for a mudroom style organization station. Outside, the large deck offers plenty of space for a grill, fire table, or outside dining to enjoy the views of the tall hardwood trees in the fenced and shaded back yard. Situated inside the RTP, this home has easy access to all major interstates and is within 30 minutes of Raleigh, Durham, and Morrisville making it ideal for commuting or finding entertainment, cultural arts activities, fine dining, and numerous recreational parks.
