Overview

There are so many words to describe this beautiful brick home located on over half an acre on a corner lot in the village of Southpoint. You have nostalgia, charm, spaciousness and storage and that's just on the interior that boasts 2,100+ sq ft with a full unfinished basement used for storage/workshop. On the exterior, you are going to love this lot and the shaded trees and the beautiful screened in back porch. Not to even bring attention yet to the nice log cabin that is being currently used as an office/library, that was newly constructed by the Amish and also has a half bath with over 1,200 sq ft. This home offers three bedrooms that are spacious with walk-in closets and two full baths. There is hardwood throughout, and the kitchen has a built-in nook that has a set of Dutch doors that lead you to the beautiful and spacious dining area. You will have butcher block look countertops with all the modern appliances. There are gas logs in the great room that has a beautiful picture window to the front yard. Come inside today to view this lovely home.
