Overview

You will be amazed at the versatility this home offers to an expanded family. Open floor plan on the first floor gives enough room for entertaining a large crowd. Welcoming foyer lends itself immediately to the many open vaulted spaces. The first floor kitchen has gas stove, dishwasher, garbage disposal and a double bright window over the sink. A large island is great for overseeing what's cooking !. Many cabinets give lots of storage space. There are three entrances to the 1st floor. The family room has a beamed vaulted ceiling, skylight, overhead lighting and exterior access to the deck. As you enter the foyer a hardwood staircase elevates you to the second floor. There are 4 bedrooms and full bath that may offer use for a large family or au-paire suite. A full kitchen with an island and dining area adds a further convenience. Even a third level was added to give more privacy that has 3 additional rooms and 3/4 bath. Property is located near the Mall Road and Lahey Medical Center.
