Overview

Our home is a very cute 2/3 bedroom loft situated on a nice .84 acre parcel with natural landscaped privacy. The 30 x 70 garage is the star with a concrete floor that has so many possibilities. New insulation in the wall and attic, the crawl space was completely wrapped. The 3rd bedroom has been converted into a laundry room. The hook-ups are still in the bathroom and can be moved to give you that 3rd bedroom.
