Overview

This property features a 32x50 garage with three large bays, a concrete floor, roughed-in plumbing, and full insulation perfect for a workshop, storage, or any project you have in mind. The home has been gutted and is ready for a complete remodel, offering the opportunity to design it exactly as you envision. Classified as improved residential but located in a TIF District, this property presents potential for development incentives. Located right on the main road, you'll have easy access to nearby amenities and transportation routes. A great option for those looking to customize their own space!
