## Overview

Updated historical home in Anderson! This home has had a beautiful makeover with recent remodel, but still has plenty of character! This 2 bedroom 1.5 bath has an 'open-floor plan' downstairs with half bath and two bedrooms with a full bath upstairs. There's plenty of charm with the original doors and door knobs throughout. Extra small room off of kitchen would make a nice office space or huge pantry. Remodeled kitchen has beautiful Gray Star Granite counters and new cabinetry and appliances. Updates include New HVAC, New Roof, and luxury laminate flooring. Most windows have been replaced and 'Smart' lights and thermostat for a little modernization. Sit on the huge covered porch overlooking a nice fenced back yard. There's a great little storm cellar for storms, plus a two car carport. Call for your appointment today!
