## Overview

In the heart of Historic Hudson, this Victorian Italianate sits on a generous double lot and awaits your vision and restoration. One of the most unique properties available in all of Hudson is being offered for the first time in half a century. With its historic charm and detail still intact, the space could be reimagined contemporary, or brought back to its original grandeur featuring a dramatic staircase, 8 ft tall French windows, built-in cabinetry, and more. The grounds showcase a picket fence, perennial gardens and dual ingress from Union and Partition St. The lot offers accessibility for parking, patio build-out, gardens, or garage. Enjoyable outdoor spaces that feature a covered wrap-around porch protected by shade of a mature cedar tree and an enclosed, heated four seasons sunroom. Originally built as a two-family, the west stairway is usable or could be removed to expand the primary kitchen. Put your stamp on a remarkable property in Upstates most popular destination. Centrally located and walkable (Amtrak, restaurants, theatres, galleries, parks and shops).
