Overview

Welcome to this stunning custom build home on 5 acres surrounded by woods. You want privacy here it is. So many features, low maintance exterior, generic, natural gas at the road, plumed for an additional bath in the finished basement. If you love music you will enjoy the surround sound inside and out. Formal dining, breakfast nook, large mud room off garage with access to the half bath on one end and the laundry on the other. First floor office with double doors for privacy. Large foyer with vaulted ceilings. Front porch that wraps around the side of the home, patio off kitchen area. Two bedrooms share a jack and jill bathroom with private sinks. Natural gas at the road.
