Overview

Stunning five bedroom colonial located in the highly desired Pinnacle Point subdivision. Bright and sunny maple kitchen, breakfast area, and extra large family room with fireplace, creates the perfect open floor plan. French doors lead to a spacious deck and fenced in yard, providing an optimal entertaining space. The large kitchen also opens to an elegant dining room, which leads to a sun-drenched living room that can also be used for a separate children's area. The second floor offers five bedrooms, including a luxurious primary bedroom with walk-in closet and full bath. The second floor also includes a laundry room with extra sink and the potential to use one of the five bedrooms as a private home office. A full, unfinished basement offers even more possibilities for additional space. Wonderful family neighborhood, perfectly situated on the corner of two cul-de-sacs, abutting conservation land. Great location with easy access to parks, shopping and highways. A perfect family home!
