Overview

Beautifully updated 3-BR, 2-BA home on a large, shaded corner lot! The kitchen boasts an ample number of cabinets, large island, and solid surface countertops. You'll also find a separate dining room, bedroom, office, laundry and full bathroom on the main level. The office could easily be converted into an additional main floor bedroom. The upper-level features two large bedrooms and a full bathroom. A bonus room off the primary bedroom on the upper level could serve as a nursery, large walk-in closet, or second office. Roof and HVAC-2009. Full, unfinished basement with 3rd bathroom. Two-car carport, storage shed and custom-made playhouse. Be sure and check this property out!
