Overview

This corner lot has just over 2 acres of incredible potential. Located in a high traffic area surrounded by new development. Located next to the future home of Mechanics Bank, across from The District (apartments/townhouses), and in close proximity to Charles River Lab as well as many other manufacturing, retail, medical facilities and restaurants. Whether you are looking to open a restaurant, need the perfect lot to build a new office building, or have a desire to build an investment property this lot could be exactly what you need. Don't hesitate to call or schedule an appointment to look at this lot and discuss if it may be the piece of property that meets your needs.
