## Overview

This exceptional home, perfect for summer, offers both comfortable and spacious living at an unbeatable price. It features two living rooms, connected by a pass-through fireplace and vaulted beam ceiling. The attractive kitchen, with a tile backsplash, gas range, and built-in microwave, opens to the dining room and the second living area. Laminate, tile floors throughout and new carpet in bedrooms make it ideal for those with pets or allergies. The master bedroom includes a private ensuite bath. The oversized lot provides a large grassy backyard for all your outdoor dreams; sheshed, workshop, garden, pool, playset, and chickens. The possibilities are endless! The oversized garage accommodates one car, with one side converted into a bonus room, and offers plenty of space for storage, a mancave, a game room, or a workshop.
