## Overview

This beautiful one story, large corner lot home is in the Gated North Upland community of Looking Glass Estates. 57 homes make up this community. 3 bedrooms plus a study and 2 baths and so much more. The primary bath has a large oval tub with shower. The hall bath has a walk in shower. Indoor laundryroom with washer and dryer. Original appliances. New flooring of carpet and vinyl. Entry flooring is original wood. Original owners. New paint for both the interior and exterior. This floorplan is special and the location is close to the gate. Community features are an in ground pool, park and tennis court. Easy access to the 210 Freeway. I had the privilege of selling this track when they were built in 1988.
