## Overview

What amazing Mountain Views from this 3-bedroom 2 bath home that is fully fenced to include the entire 46,679 sq ft lot, over an acre, but also a separate back yard area for pets and kids! Bring your horses because this has NO HOA, is positioned at the end of the road so you can ride off into the sunset! Low maintenance home and landscaping, new trees installed, extra storage woodshed in the back yard is the beginning to a possible tack shed and horse area--totally ready for your spin on paint colors inside as well as new flooring. Seller is willing to give a credit for both so you can decide what YOU want to install, rather than what is already installed!! Come see this affordable home before it's gone like the wind!
