## Overview

BE PREPARED TO FALL IN LOVE with this amazing home in the historic Bloomfield, KY! Escape to your own private oasis on this stunning 5 acre property with a park-like setting. This beautiful home is definitely one to behold with its unique character. It is the understanding of the sellers that this home is a true 1800 circa two story log cabin that was relocated from its original home place just a few miles down the road. A traditional 2 story was then built around it in 1981. Its many features include hardwood flooring, 2 wood burning fire places, a beautifully updated kitchen, primary suite on main floor with an en-suite bath that includes a large jacuzzi tub, tiled walk in shower and a walk in closet. This well maintained home had a whole house generator installed in 2023 along with a new roof in 2023! Enjoy all the incredible scenery and amenities outside, including an in-ground salt water pool that was completely renovated in 2022, the peaceful sounds of the wet weather creek that flows near the home, and a newly started orchard that includes blackberries, grapes, strawberries, apple, pear and peach, cherry and peach trees. You will also love the additional space provided by the pool house that is great for guests or an in law suite. Additionally, there is a barn that already has stalls set up for small farm animals and was completely rewired and hoist installed

in 2024. Do not miss your opportunity to own this incredible home! Call to schedule your tour today!
