Overview

This gorgeous custom-built home with 14 acres and 2000 sq feet of living space is a 'MUST SEE! This split bedroom plan home offers two master bedrooms with two full bathrooms. Each bedroom offers large full size bathrooms with the main master suite having an extra-large soaking tub. Nice size closets in both bedrooms with the master having a his and her closets. The extra-large living room is open with high ceilings and plenty of windows for natural sunlight to shine through! And, let's not forget the cozy fireplace for those cozy winter nights, you'll never want to leave! A quaint kitchen that is the perfect size featuring high-end appliances and custom cabinetry, you'll love coking in this space. Laundry room offers plenty of space for over-sized appliances and also has the tankless hot water heater. The exterior offers a two-car garage with a storage room attached for all your garden tools. The front and backyard are absolutely beautiful with well-maintained gardens full of perennials. The manicured gardens make you feel like you're living in a storybook! There is space for everyone in this home and the 14 acres and spacious back and front yards are an added bonus! Completely private with no neighbors makes for a peaceful environment! So, grab your favorite realtor or give me a call and let's schedule a showing!
