Overview

Discover an exceptional development opportunity on this 5-acre parcel of vacant land located on E. Celeste Street in the thriving city of Apopka, Florida. This property is ideal for a small builder looking to create a relaxed subdivision in a rapidly growing area. This expansive lot offers ample space to build a beautiful and cohesive community. The land is zoned to allow the construction of 12 or more single-family homes, making it a lucrative investment. To help visualize the potential of this property, the builder has provided renderings for single-family lots, available upon request. These renderings showcase the envisioned layout and design, helping you to better understand the scope and possibilities for this property. The property is situated in a peaceful area, providing a serene setting for future homeowners. Convenient access to major highways and local amenities. Close to schools, shopping centers, and recreational facilities. A short drive to downtown Apopka and surrounding cities. Don't miss out on this exceptional development opportunity in Apopka!
